

Meeting Notes

Designer: OnYou Kang

Creative Director: Monica Moskiewicz

- Introduction screen that fades in – relatively simple but with a pop of color
- Make the site look like a piece of Matisse's work
- Modern text – sans-serif
- Pops of color all over the site – make it bright like Matisse's work
- Emphasis on paintings/sculptures – include information on them (maybe you can click on them)
- You can delete the Final Years/Legacy tab and combine it with Early Life and Education
